1. Introduction

Under data protection law, individuals have a right to be informed about how our schools use any personal data that we hold about them.

School governors provide a vital role within our setting. Governors provide us with personal data and on occasion we share personal data with governors so that they can fulfil their obligations.

This privacy notice explains how we collect, store and use personal data about individuals who are governors.

2. The personal data we hold

Some of the information we hold is what is classed as special category data. Special category data includes any information concerning racial or ethnic origin, political opinions, religious or philosophical beliefs, health, genetic or biometric data, and trade union membership. Where we need to process special category data we must fulfil an additional lawfully process, which is detailed below.

4. Why we use this data

The purpose of processing this data is to help us run the school, including to:

- Enable governors to be paid for any expenses they have incurred;
- Enable appropriate organisational contact (for example, lists of governors for both internal and external use, including publication on the school's website);

5. Our lawful basis for using this data

We only collect and use personal information about you when the law allows us to. Most commonly, we use it:

- When you have given us consent to use it in a certain way;
- To fulfil a contract we have entered into with you;
- To comply with a legal obligation;
- To carry out a task in the public interest.

Less commonly, we may also use personal information about you where:

- We need to protect your vital interests (or someone else's interests);
- We have legitimate interests in processing the data.

To process special category data we need an additional lawful basis. We will process special category data most commonly where:

- We have your explicit consent;
- The processing is necessary under social security or social protection law;
- We are processing it in the vital interests of an individual;
- We are providing health care or treatment under the responsibility of a health professional.

Where you have provided us with consent to use your data, you may withdraw this consent at any time. We will make this clear when requesting your consent, and explain how you go about withdrawing consent if you wish to do so.

Some of the reasons listed above for collecting and using personal information about you overlap, and there may be several grounds which justify the schools' use of your data.

Where we are processing data on a legal or contractual basis, if you choose not to share this data with us, we may not be able to carry out our obligations under our contractual relationship with you, or engage you as a governor.

6. Collecting this information

While the majority of information we collect from you is mandatory, there is some information that you can choose whether or not to provide.

Whenever we seek to collect information from you, we make it clear whether you must provide this information (and if so, what the possible consequences are of not complying), or whether you have a choice.

7. How we store this data

We create and maintain a personnel file for each governor in paper copy and/or electronic form on the schools' computer systems. The information contained in this file is kept secure and is only used for purposes directly relevant to you holding the position of governor.

Once your appointment as a governor of the school has ended, we will retain this file and delete the information in it in accordance with our Retention of Records Policy, a copy of which is available by contacting the Data Protection Co-ordinator or the HR Manager at the Schools.

8. Data sharing

We do not share information about you with any third party, without your consent, unless the law and our policies allow us to do so.

Where it is legally required, or necessary (and it complies with data protection law) we may share personal information about you with a number of organisations and agencies that may include (but is not limited to):

9. Use of Artificial Intelligence (AI)

- Supporting data analysis for school improvement;
- Monitoring safeguarding concerns and wellbeing indicators.

AI systems used by the schools are subject to appropriate oversight and controls to ensure they comply with data protection laws and ethical standards.

A separate AI Privacy Notice is available and provides further detail about the types of AI used, the data involved, our legal basis for processing and how risks are managed. This document can be accessed via our websites.

10. Other Information
